

For Better Pregnancy Outcomes

PESS-PREG

Choline Bitartrate 450mg + Pyridoxal-5 Phosphate 2.3mg + (6S)-5-Methyltetrahydrofolic Acid
Glucosamine Salt (Quatrefolic) 57mcg + Vitamin B12 2.2mcg **Tablets**

- ◆ **Identification:** Confirm all actives using validated methods (e.g., HPLC).
- ◆ **Assay:** 90–110% of labeled claim for each active.
- ◆ **Disintegration:** Within 30 minutes.
- ◆ **Dissolution:** Meets required bioavailability standards.

For Nerves, Memory & Methylation – Daily

Choline Bitartrate

- ◆ Aids fetal brain & spinal cord development
- ◆ Supports neurotransmitter synthesis (acetylcholine)

Quatrefolic

- ◆ Provides bioactive folate without conversion
- ◆ Prevents neural tube defects & lowers homocysteine

Methylcobalamin

- ◆ Essential for nerve repair & fetal development
- ◆ Supports red blood cell formation and energy levels

P5P

- ◆ Regulates mood & hormonal balance
- ◆ Helps reduce pregnancy-related nausea

Glucosamine Salt

- ◆ Enhances folate delivery & stability
- ◆ Aids vascular and placental support

Support Early Embryogenesis & Fetal Development
Promote Neural & Cognitive Development
Support Placental Function
Reduce the Risk of PE, FGR, GDM
